🪪 Profile

Hello, my name is Mahardika Kessuma Denie. I have 4 years of experience in the tech industry, specializing in web development and cross-platform mobile app development using Flutter. I build responsive, user-friendly web applications with a focus on performance and usability. I'm always eager to learn and stay updated with the latest trends in technology.

💼 Professional Experience

CV Notiva Indonesia, *Intern Frontend Engineer*   01/2021 - 06/2021
Bandung, Indonesia

Designed and built the **Notiva CMS Admin Dashboard**, streamlining content management across platforms.Automated content workflows, reducing manual effort by **40%**, and integrated real-time analytics for better decision-making.
